As you know, it has been a tradition from years past that all of the London Towne 6th Graders have a special t-shirt, designed and printed specifically for them. These shirts are a unique keepsake that represent their class, unify them as a team and can be worn with pride.

The PTA is contributing a portion of the funds required to have the t-shirts ordered and printed; however, this does not cover the full cost of having the shirts made. T-shirts will cost \$7.00.

Indicate below the size that your child needs. We are ordering adult sizes only. An adult small is typically the same as a child's large.
